ROTARY AND FAIRPLEX - Pomona Rotarians had a strong hand in the formation of the Fair in 1922, the year after the club was chartered.

Charter President Fred W. Whyte brought a group of businessmen together for what was to become the Los Angeles County Fair Association which remains active today. Through the years, Rotarians have always been members of the Association, as well as serving on the board of directors.

*Second* - Is it FAIR to all concerned?
*Third* - Will it build GOOD WILL and BETTER FRIENDSHIPS?
*Fourth* - Will it be BENEFICIAL to all concerned?

## AROUND THE CLUB

376 kids and 100 adults attended RYLA last weekend. Together with PUSD and Pomona Catholic High School, we were able to sponsor 13 students to attend (see photo above). It was a great event with more details following in the upcoming student presentation. A big thank you to the organizers and the 6 Rotarians from our club who attended as mentors.

## MEMBER RECOGNITION - Gary George

## PROGRAM - Joe Gardner - LA Probation Dept.

The Los Angeles Probation Department was established in 1903 and is currently the largest probation services agency in the United States and presumably the world. Its over 6,500 employees serve over 80,000 people who are currently on probation in LA County. It operates 50 fully-staffed facilities as well as 19 area offices and has a total operating budget of more than $900 million.
12,000 of the people under its supervision are state parolees that were released from prison in 2011 under the California Prison Realignment Plan, otherwise known as AB 109.
The Probation Department also supervises around 2,800 juveniles. Around 340 of them live in 9 residential treatment facilities and around 700 live in 3 juvenile halls. This marks a 34% decrease with respect to the population of 2004. This decrease was made possible by a decision to only move the most high-risk youth to facilities and divert others to receive probation services at home.
863 juveniles are currently in the Camp-to-Community Transition Program (CCTP) to move them back to their homes like the remaining approximately 900 at-home probation youth.
The probation services provided include preparing juveniles to eventually reenter the community by offering education and job training as well as mental health services in the form of counseling or psychotropic drugs for the many youth that have suffered psychological trauma.
In addition to the provision of these probation services, the department also focuses on outreach to build public education and awareness and on intervention programs to prevent juveniles from becoming offenders in the first place.
