### Helping those in Need

By Leslie Reynolds-Taylor on Friday, May 21, 2021

One of our members came to Port Orchard Rotary meeting and asked for help of one of her employees. She was feeding 5 mouths, paying rent, car payments, etc, etc, and she worked in the health care industry. She never complained and was always warm and kind to her patients.

So this emails was read to the group, and was asked if we could help this family. We raised \$2600 right then and there, within minutes of us asking.

This group of ours is so giving, loving, willing to help at a moments notice.

### Port Orchard Rotary s Crab Feed and Auction

By David Weikel on Saturday, May 22, 2021

Every year for about 27 years, we have had our Auction. Every year, our community comes together to enjoy dressing the theme, eating large amounts of Dungeness crab and raising money for our community. It s the social event of the year.

Last 2 years, we needed to reinvent the wheel. How could we have an auction and

raise money for our community and still abide by Governor's mandates. We researched the On-Line Auction way of raising money. Last year, we did alright. This year, we not only had the On-Line Auction but we all celebrated our time together finally, met at one of our local restaurants, dressed the part of the theme, which was the Roaring 20's, and raised money. What a fun evening of fellowship. We made more money then the last 3 years and our funded item was raising money for our local businesses. We will be handing out checks to these businesses at the end of May.

We look forward to 2022 to having our social event of the year. Please look for it coming next spring.

## Minister of Fun

By Leslie Reynolds-Taylor on Friday, May 21, 2021

I was asked in Dave Selbig's Presidential year to be Minister of Fun. I told him I didn't think I could do him justice. I just didn't know what to create. That was maybe 6 years ago, and that position still exists, only now it's a committee.

The MOF committee creates fun events for our members of club. We go wine tasting, walk in the Alzheimer's walk to raise money, visit restaurants we haven't eaten at for a while, backyard picnics, just creating fun activities.

Part of our group is creating Firesides. Firesides have been a part of Rotary for a very long time. Its works by one member creating a function in their home for 3 other couples. They get to know one another on a personal level and in a social atmosphere rather than just in business meeting. They are fun.

Any member may join MOF, Minister of Fun committee. The more the merrier.

## Skatepark

By Leslie Reynolds-Taylor on Monday, March 8, 2021

The skatepark came about by conversation over dinner table, in

2007. I bought a book How to Build a Skatepark in our Community.

We started with our Commissioner, then went to every civic group, city official, county official to talk about how this community, our kids needed to have a place they could call family.

It took kids out of parking lots of our businesses, but even more than that, it gave the kids to recreate.

Port Orchard Rotary gave \$12, 000 towards this world class skatepark. First phase completed in 2012, and second phase completed in 2014, as Vandenburg plaza, in honor of the was my partner from day one to build this gem.

This last fall, skatepark needed to be cleaned from those that tagged it. We made a call out and Rotarians came out to scrub and clean the skatepark.
