Working to Ensure Children Thrive

Renton Innovation Zone Partnership

Ryan Quigtar - The Renton Innovation Zone Partnership (RIZP), est. in 2017, is the expansion of work begun by the Renton School District at Lakeridge Elementary in 2011 to address school achievement and now includes Campbell Hill, Bryn Mawr and Highlands Elementary schools. Today, RIZP which benefits from numerous grants, works in partnership with the Community Center for Education Results (CCER), King County, multiple other organizations, community stakeholders and families, with the aim of advancing racial equity and creating healthy learning opportunities for all children in the Zone. Nearly half the children live in homes where English is not the primary language and almost 20% of the families are living below 100% of the federal poverty level (\$30,750 in 2017 for a family of four).
