#### Todays Program Fish Hatcheries 101-Presenter Conrad Gowell

In 2018 Conrad became the Native Fish Society's Fellowship Program Director after serving as our River Steward Program Director (2016-17), North Oregon Coast Regional Coordinator (2013-2016) and Siletz River Steward since 2010. In his current role, Conrad recruits and manages a team of skills-based volunteers and contractors (NFS Fellows). These Fellows assist River Stewards with their watershed-specific conservation campaigns and help develop the advocacy tools NFS needs to increase the impact of our work.

Conrad completed his undergraduate degree in Natural Science from the University of Puget Sound in Tacoma, Washington and has since worked with non-profit organizations, academic institutions, indigenous cultures, and fisheries consultants, aiming to advance the sustainable management and restoration of watersheds.

Conrad brings to NFS a policy, research and habitat restoration background with experience throughout the Northwest and Alaska. He is a lifelong advocate for wild fish whose consistent dedication has inspired community action.

THOUGHT FOR) THE DAY: Repeated because of today's program "There's a fine line between fishing and just standing on the shore like an idiot" Steven Wright
