

LAKE OSWEGO SPOKESMAN

Like You Were There

Chartered August 29, 1958

Issued: September 27, 2021

**WHO CALLED US TO
ORDER:
Our President -
David Wolf!**

The Four Way Test

Of the things we think, say
or do:

- *Is it the Truth?*
- *Is it Fair to all
Concerned?*
- *Will it Build Goodwill and
Better Friendships?*
- *Will it be Beneficial to All
Concerned?*

SERVE TO CHANGE LIVES

Barry Sheldahl

**Retired Prosecutor, Multnomah County DHS Office & US
Attorney's Office**

Barry Shared stories about the FISA court and from his time as a Prosecutor for the US Attorney's Office regarding Indian Law.

FISA Court – Foreign intelligence Service Court – country's only secret court. It doesn't try any cases and is not bound by Oregon constitution. Created in 1978 by Congress to put a judge between executive branch and a target. There are 11 judges selected from district court judges. They serve a 7 year term.

Each year the court approves 2,000 intercepts and denies 4 or 5. If you are target you usually don't know.

Indian Country in the District of Oregon. Warn Spring Umatilla, burns Paiute are subject to Federal Criminal jurisdiction due to treaty in statutory law. They are not Sovereign like the media says. Congress has the power to regulate the commerce among the Indian tribes. Congress disbanded Klamath, Siletz, and Grande Ronde tribes in the 50's.

Tribes decide who are their members. Many have a requirement of 25% ancestry. They add your name on the Tribal role and you are recognized by the Federal government as a member of that tribe.

The tribes do have their own police forces. FBI assigns an agent to Warns Springs and Umatilla to cover the major crimes in those areas. Also, the Bureau of Indian affairs has criminal investigators in those areas.

Major crimes act – 1880s to allows federal courts to cover major crimes.

20 federal cases in Oregon per year, typically murder rape robbery, negligent homicide

2021 Lake Oswego Schools Bond Measure

Courtney Clemmens asked Rotarians to support the the 2021 Lake Oswego Schools Bond Measure.

It is a property tax increase that will fund replacing Lake Oswego Middle School and Replace River Grove Elementary. It will also update high school science engineering, and computer labs, Enhance HVAC and other systems, update kitchens, replace roof at LOHS, Increase accessibility, and improve safety and security.

What will the bond cost?

- \$180 million bond
- \$0.92 per \$1,000 of assessed value
- Approximately \$380 annually for a typical home
- Last rate increase - future measures will not require property tax rate increases

President, Legacy Willamette Region
From the September 20, 2021 meeting**

Covid - Battling the 5th Wave – The Delta Variant

The Good news is vaccinations seem to be working. There was big wave last winter, an increase in late spring and now we are on the downside of another one.

Oregon is 75th vaccination rate in the country
Higher rates of vaccinations in the big cities versus rural areas. Clackamas has the highest vaccination rate in the state. More rural areas in Oregon are around or less than 50%.

Delta variant is much more contagious than other known versions of the virus. The original was about as transmissible as the common cold and the Delta variant is more contagious and more fatal.

Original a person would on average infect 4 to 5 people, a Delta infected person will infect 5 to 8 people.

We are now in the 5th wave of Covid which peaked on September 7, 2021 with Legacy's numbers at 206 patients. It was a short 3 week ramp up and beginning to come down. This 5th wave has seen rise in children cases.

Legacy's data supports the statement that this is now a pandemic of the unvaccinated – about 85% of the Covid patients are not vaccinated. People on ventilators are about 90% unvaccinated. Legacy is seeing the unvaccinated average age is 44. Most breakthrough cases are 60 plus.

Hospitals are experiencing 60% of beds have covid in them today. Southern part of Oregon has hospitals that are over capacity due to covid cases.

The same things that are effective at limiting transmission of covid before still work – Distancing, Personal Protective Equipment, Hand Washing.

Current vaccinations are still protective against Delta Variant. While “breakthrough” cases have increased with Delta, vaccinated people are still less likely to become infected and much less likely to become severely ill and be hospitalized

At Meridian Park 85% workers vaccinated. They must terminate employment of unvaccinated workers by 10/18/21 due to State Mandate. Elective surgeries have been limited by 50% of normal.

Projections of surges have shown to be accurate to actual numbers. Projections show Covid coming down as we move into late fall.

Booster shots – FDA decided not to make a recommendation for 65 and below. But 65 and Older can get booster shots.
