Deanne Knipple introduced the Lake Oswego Robotics Team. The team consisted of Steve, Sachel, Lucas, Liam, Quinn and Aishiki. The Mostly Operational 18119 team is comprised of students who have an interest in science but also allows for mentorship development creating leadership skills and team concepts. They were involved with an International Campaign for Healthcare Workers providing PPE, worked with Lake Oswego Hunger Fighters, programming, CAD Software, 3D printing. They also gave thanks to the Lake Oswego Rotary for their financial sponsorship. The leadership and development skills learned through this program will be invaluable for these future leaders.

# Paul Harris Fellow Award - Heather Chrisman

## In Memory of Heather Chrisman

Heather Chrisman was a valuable and loved member of the Board of Directors of The Lake Oswego Preservation Society, and we are honored to be working with the Chrisman family and the Arts Council of Lake Oswego on the commissioning of a custom piece of artwork in memory of Heather and her many passions. The artwork is envisioned as contemplative sculpture with opportunities for rest and respite to be incorporated into the native garden she helped establish at the City of Lake Oswego's Historic Iron Workers Cottage.

The 2021 Bob Bigelow Lifetime Achievement Award Winners were Bob and Linda Brown. They have been residents of Lake Oswego for almost 40 years. Linda has a passion for schools and education. One of her yearly projects is to be the driving force in the distribution of dictionaries to Lake Oswego 3<sup>rd</sup> Graders. She has shared with us the letters and notes she received from the students on this life changing gesture. She also reflected on what her Mom used to tell her “Leave things better than when you found them”. She also discussed her passion for the Arts and how it helps us understand others. She also discussed Peace Polls and how it reminds us to be good to others. Bob is very passionate about disaster preparedness, sustainability and reducing our carbon footprint. He also discussed how Art gives you a different perspective on everything and for us to live outside our comfort zone. Congratulations to Bob and Linda Brown.

The 2020 Winners of the Bob Bigelow Lifetime were Peter and Cyndie Glazer who have been longtime residents of Lake Oswego. Peter is a graduate of the University of Oregon Law School and has over 40 years of practice. He is an Oregon Attorney who has focused on those that have been victims of Drunk Driving. He has been involved with numerous committees and leadership roles with the Lake Oswego Rotary Club. He has been described as a “giver and doer.” In addition to all of his service to the Lake Oswego Community he is a Royal Rosarian. Cyndie has been described as a person who is creative and passionate. She is extremely organized and was instrumental in the Lake Oswego Millennial Concert Band and the Lakewood Center for the Arts. She has truly been a wonderful asset to our community. Cyndie and Peter thanks both their parents, several OR Governors, Meridian Park Medical Center and their maternal Grandfathers who were Rotarians and modeled what this responsibility looked like. They also discussed “give until it feels good.”
