Anthony Ciaverelli, Ed. D.

Sustaining Member, PHF

Aerospace & Navy Safety & Effectiveness Expert

Tony, and his wife Carol, are travel and Labrador lovers. They used to have a business caring for these animals, and ended up with 4 of them when they moved to Oregon.

The move was to be closer to their three grandchildren. Tony has had an eclectic career spanning the navy; building rockets, training dolphins, and working with NASA. After obtaining his graduate degree he started a career in training and consulting on effectiveness and safety, a specialty he built a consulting company (Human Factor & Ass.) around, which is still in operation.

He describes his experience at Rotary as “immensely enjoying” the volunteer work, and the dedicated members of the club. He fondly remembers his sponsor; the late Lynne Larson, who was an inspiration to him and motivator to join Rotary.

Tony shared one of his favorite quotes:

We make a living by what we get, but we make a life by what we give

We are grateful to have such a warm human and an amazing talent in our mix.

Roger Hennagin, Peacebuilder's Committee Chair, reminded us of Rotary International's stand on Diversity and Inclusion. He read RI's official statement, below:

"As a global network that strives to build a world where people unite and take action to create lasting change, Rotary values diversity and celebrates the contributions of people of all backgrounds, regardless of their age, ethnicity, race, color, abilities, religion, socioeconomic status, culture, sex, sexual orientation and gender identity.

A top priority for Rotary is growing and diversifying our membership to make sure we reflect the communities we serve.

Rotary is creating an organization that is more open and inclusive, fair to all, builds goodwill, and benefits our communities. We want people with differing perspectives and ideas who will help Rotary take action to create lasting change in communities around the world.

Through Rotary, you'll find unique opportunities to get involved. Everyone is welcome in Rotary."

Announcements

Many members have volunteered to collect hygiene supplies for Hunger Fighters. Contributions amounted to four carloads of supplies, plus over \$300 in cash donations.

Many thanks to all Rotarians who participated, and donated to the program.

Announcements

Rotarians also responded to the call for donating tools to Molalla residents, who are still reeling from the fire and smoke of last month. Thank you Roger Hennagin and Bob Liddell for organizing this successful drive.

Please continue rummaging through your garage and contact Roger or Bob for any tool that you can part company with.

Nothing's like helping neighbors in need.

Jim Zupancic is leaving the club, and leaving Oregon, to live in Kuaii. We're sad to see Jim leave, but happy for him retiring and enjoying travel and the tropics.

Jim was a passionate member that contributed generously to the club. We will miss him.

Beth Schulberg

Beth, a previous AND current member of the LO Rotary Club. You read that correctly. An impromptu invitation by Mark Waller to rejoin the club, Beth jumped on the opportunity. Welcome, Beth. We're excited to have you back.

Beth has a long (very long) experience in the travel industry, which put her in a position to give our members some sound advice about travelling post Corona world.

Travel agent's life has been challenging, to say the least, during the Covid pandemic. Beth has been busy more with making sure her clients get refund than booking new travel.

Beth also shared her (very short) romantic period with her current husband, Peter Schulberg, whom she called "my loverboy" when she introduced him to our club. That did it! Peter was hooked, and asked her to marry him the following week.

Here's a snippet of Beth's advice for "want to be" travelers now;

1st Make sure you know, and researched your carrier. Some airlines and cruise lines are highly leveraged at this point in time. You may loose your ticket, should they go under.

2nd Check the rules and regulations of the intended destination. Countries, and even states are changing their requirements for Covid test and quarantine constantly. Make sure you abide by the rules at the destination, as the penalty can be very stiff.

3rd Take travel insurance, and NOT the ones offered by the carriers. Some insurance carriers would fly you back home, if your case requires hospitalization.

4th Make sure your ticket/reservation is refundable. No one knows what may happen.
