*Chair, Community Service Committee
Cancer Resource Fund Board Member*

Tina and Tony

Since joining LO Rotary in 2014, Tina has been very active in the club's activities, especially on the Admin Committee, and now chairing the Community Service Committee.

A native Oregonian, graduate of Oregon City HS, and George Fox University, Tina has had an eclectic career where she currently is in charge of Business Development at Equity Advantage/IRA Advantage.

Her son, Bryce, is currently the president of the Gladstone Rotary Club, so Rotary "runs in the family".

Tina shared some wonderful quotes at the meeting: Here's one by Mother Teresa:

*"People are often unreasonable and self-centered – Forgive them anyway
If you are kind, people may accuse you of ulterior motives – Be kind
anyway*

*If you are honest, people may cheat you – Be honest anyway
If you find happiness, people may be jealous –
Be happy anyway*

*The good you do today may be forgotten tomorrow –
Do good anyway*

*Give the world the best you have and it may never be good enough – Give
your best anyway*

*For you see, in the end, it is between you and God. It was never between
you and them anyway."*

Free Bikes 4 Kids makes it to the District Level

With District Governor Elect, Jim Boyle, backing FB4K, the project now has the involvement of all clubs in the district. The project was co-founded by our member Mark Waller, has made great strides in providing thousands of bikes to kids who cannot afford buying one.

“Remember to save the bikes you’re storing in your garage, and no longer use, to donate at collection time” says Mark Waller. You could get rid of extra bikes, and help a kid own a bike.

Congratulations

There were too many brags and boasts to list here. The one that brought tears to our eyes, was baby PETER who was named after grandpa Peter Jurney. Congrats to all... We could use some good news in these testing times.

Featured Speaker

Joshua Bauer, RICP - Investment Solutions Consultant

Joshua, an investment expert, was introduced by Maraiah Hurlburt. He is supporting the Northwestern region and won several awards. He works with our member, Roland Ghazal.

Joshua started with a quote: “Our lives succeed or fail not suddenly, but gradually – one conversation at a time. While no single conversation is guaranteed to change one’s career or life, but any single conversation can”

Joshua’s advice for investing is to bet on the long term of the market. Short term thinking, and timing the the market has high risks. He made his point showing market performance history and taking slices of time within that history. The investment period recommended is 10+ years.

In this regard, and with the volatility of the market during Covid and election time, Joshua advised to look at long term, and not investing now could mean missing an opportunity.
