From the Prez

Our 2020-2021 vision is to foster fellowship and connections, to be a team of involved and engaged members in local and world community service projects, to build continuity for multiple fiscal years in regard to the signature project and world projects, and to be innovative and creative while we adjust to turbulent times.

Who else is confused right now? The weather is in the high 90s this week but pumpkin spice everything exploded? I'm not sure if we should play in the sprinklers or wear sweaters. I'm not sure if we should eat popsicles or drink hot cocoa. While there are a lot of things that make me wonder, I never wonder about my active involvement in Rotary. I know that Rotarians everywhere are fixing and solving the world's problems; silently working in the background. I know that our club is full of superheroes—most of whom do amazing things in the stealth mode. They prefer operating in the background. I am pretty sure it's to keep their real identities a secret. We have members who are dedicated superheroes in this club and also participate in other organizations, serious overachievers! These superheroes quietly make huge impacts by being involved, by sharing ideas, by leading committees and sub-committees, by sharing their expertise, by checking on fellow members, and by simply being awesome people. Wait! That sounds like our entire club! I am constantly humbled and awestruck by all of the superheroes members of this club (I promise to keep your secret identity protected!). May we all continue to be superheroes in this super club and change our local community and our world. See you on Thursday via Zoom!

President Nicole

PS The new policy will be emailed out after this week's meeting.

Coffee with Rotarians

By David A Bondurant on Wednesday, August 28, 2019

RCEA - AFTER MEETING COFFEE CLATCH!

Join our hosts Judi and Bob after our meeting @ 9:30-11:00 at Wesley United Methodist Church for coffee and conversation at on the corners of Oakway and Cal Young Roads. The church has a large parking area to the south.

There are redwood tables and benches already in place as a company ♦Shave Ice♦ utilizes that portion to sell their product from approximately 11:00am until 7:00pm. There is also a coffee cart at the lot for those who don♦t bring their own drink. Enter the parking lot area off of Oakway Road just south of Cal Young Road.

Come and have coffee this Thursday and find out what our club members have been up-to during this strange time.

Questions? Call/text me, 541-359-8362

AFRICAN REGION CERTIFIED WILD POLIO-FREE

By David A Bondurant on Wednesday, August 26, 2020

AFRICAN REGION CERTIFIED WILD POLIO-FREE
Dear Rotarians,

It our pleasure to announce to you that the [African region has just been certified wild poliovirus-free](#).

Rotary members have played an invaluable role in the effort to rid the African region of wild polio. We should be proud of all the hard work that we♦ve done to eliminate the wild poliovirus throughout Africa and in nearly every country in the world.

This progress is the result of a decades-long effort across [the 47 countries of the African region](#). It has involved millions of health workers traveling by foot, boat, bike and bus, innovative strategies to vaccinate children amid conflict and insecurity, and a huge disease surveillance network to test cases of paralysis and check sewage for the virus.

Over the last two decades, countless Rotary members in countries across the African region and around the world have worked together to raise funds, immunize children, advocate with local and national leaders, and raise awareness about the importance of vaccination, enabling the Global Polio Eradication Initiative (GPEI) to effectively respond to and

stop polio outbreaks.

This milestone is an incredible public health achievement for Rotary members, the African region, and our GPEI partners, and a huge step forward on the road to global polio eradication. But we still have important work to do in order to eradicate wild polio in the last two endemic countries.

We have faced many challenges in our journey to eradicate polio. But we've made remarkable progress, and the polio infrastructure that Rotarians helped build will serve as a lasting legacy that will continue to help protect vulnerable children against other diseases for decades to come.

We are calling on you today to recommit yourselves to ending polio. We need each and every one of you to help finish this fight and [continue raising \\$50 million each year for PolioPlus](#). The eradication of wild polio in the African region shows us that polio eradication is achievable, and shows how our hard work, partnerships and financial commitment continue to propel us forward, even during a global pandemic.

Thank you for your continued efforts, for achieving a wild polio-free African region, and for remaining committed to fulfilling our promise of a polio-free world.

Sincerely,
Holger Knaack K.R. Ravindran
President, Rotary International Chair, The Rotary Foundation
