[Glen W. Martz](#)  
Airport Rotary Foundation Chair

### From the Prez

***Our 2020-2021 vision is to foster fellowship and connections, to be a team of involved and engaged members in local and world community service projects, to build continuity for multiple fiscal years in regard to the signature project and world projects, and to be innovative and creative while we adjust to turbulent times.***

Holy moly, can someone tell me where the month of July has gone? How exactly is July almost over?! I am so proud of our club for remaining a tightly engaged group during these times. I know how much I want to see all of you in person, even if we are wearing masks that cover half of our faces; however, with the Governor's new restrictions, we will continue Zoom only meetings through August. Keep your fingers crossed for September! Another update that I wanted to share is that a small group went to view the new meeting space at the airport. The airport with its restaurant and Dickie Joe's are extremely eager to have us back. Like many businesses, they have been hit hard during these COVID-19 times. MaryAnn shared an awesome resource with location criteria and the Board will use that guide to decide which location is best. Granted, the location is moot until we can be in-person but the Board is aware and working! I also wanted to thank everyone who presented last week's TRF program. I loved hearing your why stories! This week we will have an airport update by Catherine Stevens as our program. See you via Zoom on Thursday!

President Nicole

**Dan Buckwald/John Lebow/Phil**

**8/27**  
**Journalistic Learning Initiative**  
**Ed Madison/Intro by Glenda**

## MARS ROVER LAUNCH!

By David A Bondurant on Wednesday, July 29, 2020

NASA is launching JPL's Mars 2020 Rover, Perseverance, (the name was selected prior to the pandemic!) this Thursday. It was supposed to launch on July 17th, but there was a problem with one of the welds on the launch rocket. Fingers crossed for good weather; the launch window closes in early August. If we miss this launch window, we will need to wait two years for the next time the planets are properly aligned.

If you feel like getting up in the middle of the night to watch the launch here's the link: ">

10-24-2019  
1 Year

## FUNDRAISING OPPORTUNITIES

*It's easy to raise money for the Club!*

- 1. Just pick up a blue Bottle Return bag at the next meeting**
- 2. Take it home**
- 3. Fill it with your returnable bottles and cans**
- 4. Drop off at one of several Bottle Drop Redemption Centers, a list will be provided**
- 5. Feel good about recycling AND raising money for the Club!**
