Announcements

Project Grants Committee will meet via Zoom on Tuesday, August 18, at 5:00 pm.

World Bicycle Relief is a non-profit organization providing specially designed and locally assembled bikes to rural developing regions of the world.

Dr. Antonio Velasco developed diagnostic protocols and treatment of toxic pesticides that have a long-term impact on public health. Major corporations fought Dr. Velasco's determination to investigate and prevent life-threatening pesticide poisoning.

Wednesday, September 2, 5 pm: Next Metro Board meeting via Zoom.

The Metro Rotary Project Grants Committee makes recommendations to the Metro Club Board regarding service projects that the Club should fund. This is your opportunity to participate in the decision-making process for club service project funding. All Metro Rotarians are welcome to attend.
