2020-21**

**Eugene Metro Rotary Small Grants Policy**  
In addition to the service projects brought to the Eugene Metro Project Grants Committee, members may propose small project grants addressing an immediate community need (local or international), not to exceed \$250, to be funded by the club.

Shark behaviorist and ocean activist Cristina Zenato's work can be summarized in her three favorite words: Exploration, Education, Conservation.

A member of the Women Divers Hall of Fame and The Explorers Club, she is a firm believer in the power of education and spends her time teaching below and above the water.

In 2019 she founded the nonprofit People of the Water, organized to widen the conduction and distribution of training, education, research and studies related to water, ocean and environmental issues.

**Next Metro Board meeting** has been scheduled for **October 7, 5 pm** via Zoom.
