Rotary has been working to eradicate polio for more than 35 years. Our goal of ridding the world of this disease is closer than ever.

As a founding partner of the [Global Polio Eradication Initiative](#), we've reduced polio cases by 99.9 percent since our first project to vaccinate children in the Philippines in 1979.

Rotary members have contributed more than \$2.1 billion and countless volunteer hours to protect nearly 3 billion children in 122 countries from this paralyzing disease. Rotary's advocacy efforts have played a role in decisions by governments to contribute more than \$10 billion to the effort.

Today, polio remains endemic only in Afghanistan and Pakistan. But it's crucial to continue working to keep other countries polio-free. If all eradication efforts stopped today, within 10 years, polio could paralyze as many as 200,000 children each year.

Crawford  
Assistant  
Governor

**Labor Day**, the first Monday in September, is a creation of the labor movement and is dedicated to the social and economic achievements of American workers. It constitutes a yearly national tribute to the contributions workers have made to the strength, prosperity, and well-being of our country.

The first Labor Day was held in **1882**, and its origins stem from the **Central Labor Union's desire to create a holiday for workers**. It became a federal holiday in 1894. Originally, it was intended that the day would be filled with a street parade to allow the public to appreciate the trade and labor organizations' work.

*Have a safe and healthy Labor Day weekend fellow Rotarians!*

### Time for an updated Head Shot?

*\*Some examples above*

Looking to have Ben Vallejos come to the Ross Ragland Theater in September to setup in the lobby/hallway to take updated Headshots of Rotarians for \$75 each.

Cost includes: 1 black & white, 1 color, high res digital file with a copyright release emailed to you. All choices will be retouched for blemishes and to soften lines.

*\*We would like to get a book of members published and wanted to offer this as an option before we published the new directory*

*for members.*
