Today's Program

Speaker: District Governor Cindi O'Neil

Last Week's Program (08/19/2020)

Speaker: Cathy Kemper-Pelle

Topic: What's new at RCC?

Cathy spoke to the club about the completion of the new Health Professions Center at the RCC Table Rock campus in White City. This new building is the first regional training facility. It has the state-of-the-art-instructional spaces for both students and faculty to work together. All career pathway programs and labs are in this one location now rather than spread out over multiple campuses. RCC was the only community college in the state able to have a nursing student program graduating class in June. This was because the students were able to complete their training in the new sim labs. All labs in this building are real experience labs. It is a beautiful building and RCC is looking forward to their virtual grand opening September 18, 2020 via Facebook Live.

Upcoming Meetings:

September 2

Speaker: Jerry Brienza

Topic: Is anyone flying?

September 9

Speaker: Brad Taylor (Medford Water Commission)
