Topic: Is anyone flying?

### Last Week's Program (08/19/2020)

**Speaker:** District Governor Cindi O'Neil

DG O'Neil spoke to our club about the importance of why you joined Rotary. Are you passionate about the clubs service projects? Does our club provide integrity, inclusion, commitment, community connection and friendship all of these are very powerful. DG O'Neil asked everyone in the club to reach out to their community connections and ask what are your precedent needs during these times? We are Rotary how can we help? Bring those ideas back to the club, have a planning session and see how we can serve our community now. Club members provided a recap of the club projects: Strategic Plan, Community Awareness, Guatemala water project, Multiple-club projects (Red Cross Blood Drive), Hope Village, Bear Creek Playground, media coverage. DG O'Neil offered suggestions to include a volunteer link on our website for those who want to visit a meeting. She is also starting a Volunteer Connect project around the area. This would be a way for Rotary Clubs around the different areas to let others know they have a project going on and volunteers are needed. DG Cindy thanked everyone for the good work we are doing.
