President's Message February 3

By Bruce K. Webber

Congratulations to Steve and Sue Fisher (President Elect) of Fisher Pest Management for being highlighted as our District 5110 Biz of the Week!

Past District Governor, Bill Grile, recently announced that Fisher Pest Management has been selected as the District 5110 Biz of the Week through the Rotary Business Network.

As stated in the January 26, D5110 newsletter article, Steve Fisher has been a Rotarian for 45 years. He owns Fisher Pest Management along with his wife, Sue. Both are engaged members of Springfield Rotary. Says Steve, "I found the words of Paul Harris very true regarding the association of likeminded thinking people driven by our Four Way Test. It is difficult not to want to associate with (and) do projects with, and when appropriate do business with fellow Rotarians."

To see more about Fisher Pest Management AFTER this week, click this link: <https://rotarybusinessnetwork.org/business-listing/fisher-pest-management/>. But please visit next week as this site is DOWN for UPgrades this week.

The Rotary Business Network has two main objectives. The first is to continue highlighting the local businesses, and encouraging networking between Rotary-owned businesses that support the clubs of District 5110. To this end, D5110 will recognize a **Business of The Week**. The second is to provide business education and learning opportunities. These will include FREE on-line courses such as improving business visibility on GOOGLE, marketing, and podcasting.

If you are a Rotarian and proud of your business, make sure it is listed on the **RBN** Directory. [Click here](#): AGAIN, next week. If your business is not listed, it can be added by clicking here for a [FREE listing](#) NEXT week. *Please note this site is DOWN for UPgrades all this week. So please wait until next week to visit. Save these links.*

Wouldn't you rather do business with a Rotarian?

Habitat for Humanity Work Party

By Bruce K. Webber

I would like to thank the many Rotarians who attended the work party at the Habitat for Humanity site on Saturday, January 9th. Within a couple of hours, 200 feet of fence were torn down and hauled away along with several blackberry bushes. Bob Schutte took a crew to the site on Friday and cut the blackberry bushes, making the fence tear down much easier. Corkey Gourley brought his

tractor and hydraulic trailer which made debris removal quick and painless. There are several other Rotarians who tore down fence, loaded the trailer and raked blackberry bushes. It is great to see some activity at the site and it sounds like the houses may start going up in the spring.
