Welcome

President Jeff rang the bell with 28 members present--15 at O'Mera's and 13 in cyber space.

Greg led the invocation looking for solace for the victims of the latest mass shooting. Brock led the pledge.

Guests Tom O'Rourke introduced Lance Butcher a once and future Rotarian (unless cousin Kelly blackballs him).

Gary Deas introduced prospective member John Lawson

President Elect Laura introduced prospective member Mardie Schrader Brock Brock introduced prospective member Joanne Treadway.

Program

Pam introduced our speaker, Rick Thomas. Rick is a Charter Member of the Middletown Rotary Club, and the current Probate Referee for Lake County and other parts of the North Coast. Rick decided not to talk about the difficulties of one day having to place values on the vast Lincoln estate, but instead, to talk about the Coast Guard and Coast Guard Auxilary. President Jeff said he probably would have joined if he had known about the Coast Guard after he slept through high school.

Capn. Dan USN Ret. opined that the Coast Guard has a fine bunch of Navy rejects.

Sunshine Nanette concluded her stellar performance as Chairperson

She announced that Marty and Prresident Jeff each had a birthday last Friday-- imagine that, twins separated at birth. Reed Liferman had a birthday but my notes are unclear as to the date, and I still can't get indto DacDB to look it up.

Detective

Gary was the Detective.

He fined Mark Lipps for having his rogue Tortise terrorize the neighborhood.

He then fined nonmember Lance Butcher \$20.00. This was not a wise thing to do. Lance will undoubtedly become the Detective in the future, and pay back will be hell.

Half the Club then voluntarilly paid \$20.00 fines in order to curry favor with Lance.

All the Derby Hat Club members paid for going on the Spring trip. Bobby Dutcher caught the Big Fish on Friday (worth \$190 in the event he shkows up to pay a fine). 19 members fished for two days and caught 6 fish. We only found out at the meeting that Jennifer had fished the lake out years ago. Luckily it snowed, hailed, and we had hurricane force winds that blew us off the lake, but it never froze--it was at least 35 degrees in the morning. But I digress.

Gary fined himself for giving birth to 10 Turkeys (a "Rafter of Turkeys, thank you Judy).

Brag and Jokes

Jennifer commenced flight training at the Miramar Naval Air Station, shooting down two of the Navy's top guns, but then the rubberband in her Red Menace airplane was depleted.

President Elect Laura is headed for Park City Utah on a religious retreat.

Nanette's daughter presided over the Graduation Ceremonies at the Air Force
