

EastWind

04/28/2020

EDITED BY TRACY CLIVERS HUSBAND

Pledge was Sheltered in Place and not able to attend.

Thought of the Day "First casualty of War is the truth" So keep your thinking hat on.

Our Songbird Larry performed a solo act to perfection

The world isn't feeling 100%. Keep it in your thoughts and prayers.

Visitors: District Governor Kathy Flarson and our Recycled Speaker Casey Williams

Reconitions:

Emily's birthday was April 12th and 1year club anniversary was April 23rd, Don's birthday was April 24th and both shared the 2020 version of a birthday celebration.... Stayed home, walked the dog and that's all folks.

Club Business: By Laws Update

**President
Tom Jackson**

**Speaker
Recology Casey
Williams**

Guest:

Sorry
no one
today

MEETING PLACE

Laptops

District Directors will be increased from 9 to 10 and at large from 2 to 3
Add Disaster Relief Committee to our list of regular Committees

Nancy Hill motioned George Kemmerer 2nd all member present voted yes.

Kim McDonald and Casey Williams reported on the amazing lunch program for workers and those who need lunch. 240 meals are handed out every weekend and you too can help by sponsoring a day. If you just can't decide what to do with President Trumps \$1200 (join with a friend) or \$2400 stimulus check??? Well that is exactly what it takes to fund 240 lunches.

It's not a Ferrari but isn't she pretty.

Casey Williams from Recology of Sonoma Marin was our speaker today. The moto is:

Reduce – Reuse – Recycle – Recologize

Casey went into detail on what can go into the Blue Can, Green Can and Black Can. If we all do our part, we can make Sonoma – Marin a cleaner, safer and bad aroma free

The slide features the Recology logo and the text 'WASTE ZERO' in the top left. The title 'Why Recycle?' is centered at the top. Below the title, the text 'Recycling Saves Natural Resources!!' is displayed. A list of benefits follows: 'Recycling 1 ton of paper saves:' followed by a bulleted list: 17 trees, 2 barrels of oil, 7,000 gallons of water, 3 cubic yards of landfill space, and 4,100 kWh of electricity (enough to power the average American home for 5 months). To the right of the list is a photograph of a small waterfall in a forest. At the bottom, the text 'Reduce - Reuse - Recycle - Recologize!' is displayed next to a green leaf icon.

place to live.

If we all follow the guidelines the benefits are reduced pesticides, reduce water usage and sequesters carbon from the air into the soil. One other simple rule "If it grows in the ground it can be put in the Compost.

A couple of Key Bills passed to help Recycle
