## Steve Schaefer Returns To Talk About The Environment

By Judith P. Cooper-Higday on Thursday, July 8, 2021

*Steve Schaefer trained as a Climate Reality Leader with Al Gore in 2018. He gives talks on climate change that are modeled on the former vice-president's award-winning presentations. They cover the science and manifestations of climate change, as well as solutions we all can take to limit its effects.*

*Growing up, Steve experienced smog and pollution, but also the joy of hiking and camping in pristine wilderness. Over time, as he heard more about climate issues, saw An Inconvenient Truth, and began reading on the topic he decided to take action. As a grandparent, Steve is committed to working toward a better world for today's young people and future generations, including his sons and granddaughters.*

*As an automotive journalist, Steve tested and reviewed more than 1,300 cars starting in 1992. Now, he works for Rivian, the EV manufacturer, so he has stopped his reviews. However, he believes that electric vehicles and renewable energy are a major part of the overall effort to fight climate change.*

## 2020-21 Rotary Projects

By Sarah LaTorra on Wednesday, June 30, 2021

This past year was a busy one for the Rotary Club of Redwood City. Here is a summary of the good work Rotary was able to accomplish:

- Purchased \$12,000 worth of meals through the Chamber of Commerce, Feeding Our Local Heroes program
- A Donation Drive for Life Moves for school Supplies, hygiene products and food
- A \$500 Donation to United Peace Collaborative to support their efforts to protect our vulnerable Asian population
- A Donation of Hygiene Products and Gift Cards for Downtown Streets Team
- A Donation of \$500 worth of gift cards to the Polio Plus Road Rally
- We participated in the New Year's Day Global Cleanup
- Stories were recorded for the Stories from Your Community series at the library
- We participated in the Spring Clean Up at Mezes Park
- We gave \$33,000 to 11 Scholarship Recipients
- And we completed the Morocco Aqueduct project

It was a busy year and we all banded together to get a lot done! Congratulations to everyone involved.

## Negus-Worldwide Party

By Jeffrey Hayden on Tuesday, July 6, 2021

We are one week out from the Negus-Worldwide Party - don't miss out on your chance to sign up for this epic event presented by the Rotary Club for Global Action and NegusWorld. Wanting to hear inspiring messages from Rotary leaders President Shekhar Mehta and President Elect Jennifer Jones? We got you! How about discussions with notables like Nobel Laureate Leymah Gbowee, actress Amanda Wyss, rocker Pete Townshend or the feminist Gloria Steinem? Yep, they will all be joining us too! Wanting to get your dance on? We have musical and dance performances from around the world by artists like Alex Boy, Sonita Azadeh, Gigger Shanker, Edson Sean and so many more!

And all of this is for a good cause! The event is free to attend but we encourage you to make a meaningful donation to help us support the education of girls in Liberia and West Africa. Get your free tickets to this event today!
