The PolioPlus Society

As a Rotarian and supporter of Polio Eradication, **Rotary's Number One Priority**, I am participating in the Countdown to History as a member of the

PolioPlus Society of District 5160

I hereby commit to making an **annual** donation to the PolioPlus Fund of The Rotary Foundation as follows (select one):

- \$100 USD per year (minimum amount to become a society member)
- A contribution of \$_____ per year to PolioPlus (more than \$100)

I pledge to help Rotary make history by continuing to contribute the above amount each year until the World Health Organization certifies that polio has been fully eradicated because ...

Until the world is polio-free, every child is at risk

Society members will receive a PolioPlus Society membership pin, certificate and an End Polio Now bracelet...and your contribution qualifies for Paul Harris Recognition Points credit.

To make your tax-deductible donation go to <https://www.endpolio.org/donate>. You can choose a one-time donation of \$100 or more, or a recurring donation in the amount and frequency of your choice (We suggest \$10/month as the "easy way" to become a PolioPlus Society member.)

Please – DO NOT SEND CHECKS OR CASH – YOU NEED TO MAKE THE DONATION YOURSELF

Name (please print) _____ Date _____

Email Address _____ Club Name _____

Please email your completed form to Mike Crosby (MikePolioPlus@Rotary5160.org)

or mail to Mike Crosby 1713 Chardonnay Lane Brentwood CA 94513.

Your PolioPlus Society certificate, pin and bracelet will be presented at your club meeting to make sure you are recognized for your commitment to polio eradication.

His current alliance with Healthy Soil Alliance is a not for profit venture and an informal alliance of government, nonprofit, and private organizations. The partnership looks at the healthy soil as key to success in addressing subjects like food security, urban farming, STEM educational opportunities for youth, climate (by sequestering carbon) and other pressing issues facing our local metropolitan communities. Founding organizations of the Alliance are Chemists Without Borders, San Francisco SCORE, and University of California, Division of Agriculture and Natural Resources. They are supported by the number of local businesses, nonprofits, and local governments.

Previous partnership has included and not limited to CWB/Rotary in cities such as Bangladesh. In the East Contra County Area, they are working on a project to grow food in a presently used industrial facility used as a base for the environmental company located in Antioch. Food will be donated to the county food bank. This model is being adopted based on a current pilot with LEAF <https://fremontleaf.org/>. Come listen and hear him share his work and success that has been done over the last several years.

You are invited to a Zoom meeting.

Antioch Rotarians Deliver "Pulse Oximeter" To Elders

By Tirrell Muhammad on Thursday, October 15, 2020

Antioch Rotarians stepped up to deliver "Pulse Oximeter" to elders with our allied partnership with Choice in Aging. Pulse oximeters are great indicators in COVID when the oxygen levels drop. Choice in Aging is a nonprofit agency serving the community for 71 years, they have a love for and deep commitment to elders - particularly frail elders. As an organization, their goal is to support everyone aging with dignity in the setting of their choice by providing the supports and services they need to do so. Special shout out to Lindy Maynes, Paul Kiruuta & Milanka Schneiderman for making deliveries.
