Socially Distanced Mobile Demotion Sends Prez Allen Out With Appropriate Disrespect

By Allen Mueller on Thursday, July 2, 2020

Danville Rotary's Mobile Demotion Team ambushed deposed President at Starbucks in Danville.

Male and female Avatars were on hand representing club members not in attendance.

Social distanced coffee was followed by socially distanced snacks.

No social distanced Rotary event is complete without social distanced alcohol.

Considering the former President's affinity for Starbucks cards, it was only appropriate to gift him a Starbucks card which may or may not be funded.

Following the social distanced presentation of the President's Gavel, the event concluded with a social distanced selfie.
