## PROGRAM

Three students from Las Lomas High School made presentations as part of the annual Rotary Speech Contest.

**Madeline Abellera** won for her talk about the problem of inadequate sleep among high school students. Cell phones contribute to the problem because students are besieged by this technology. She suggested that school start thirty minutes later so students could get their much-needed sleep. She won \$300. Riley Petrocco spoke on the negative effects of body image in advertising. Her position asserted the importance of emphasizing health as opposed to a specific body shape as an advertising image. Ana Vasquez was from Puerto Rico and believes that there needed to be more minorities running for governmental office. She felt minorities were getting the short end of the deal. Riley and Ana tied for second place and received \$150 each.
