## Club of Chico Sunrise

### CSR still meeting via Zoom Video

By Sean Isom on Thursday, May 28, 2020

**Rotary Club of Chico Sunrise**

**Carl Ochsner, President 2019-2020**

#### STILL VIRTUAL

Carl opened our meeting right at 7:00 with about 20 to 25 members and guests in our Zoom call.

**Heidi Houlihan** gave us an invocation quoting Mahatma Gandhi and the fruits of your actions. This was followed with a salute to our nation's flag.

#### ANNOUNCEMENTS

Carl was then looking for **Teresa Frediani**. She was MIA so he shared that a socially distanced meeting on our virtual fundraiser will be held at her office (NV Ag Services) tonight at 5:30pm. Items for sale will be a subset of our total items, those with expiration dates etc. Those working on the game plan are encouraged to attend.

The District gave us a refund of \$672 due to unused moneys related to Covid19. Carl is looking for uses for this money. **Randy Korte** proposed Chico Gleaners, a local food collection and distribution organization which he has supported in the past. They take excess food from restaurants and redistribute it; something quite difficult to do during the crisis. **Mike Birch** stated he was at McManus school and discussed the clothes closet with the Principal. This is where extra clothes are held for kids in need. Carl mentioned he saw the lost and found area which he said could use some of our assistance in the future. Carl showed his leadership and made the executive decision allowing the \$672 to be support Chico Gleaners.

Demotion dinner planning was discussed with nobody on the team present to present maybe next time.

Carl clarified that the next board of directors meeting will be the 25<sup>th</sup> of June. Location TBA.

This weekend, work is going on at the Air Museum. You can visit and see the layout out lines and forms, and them pouring concrete.

#### RECOGNITIONS

- **Mark Stuenkel** was not present to share about his new grandbaby. Word has it that Mark is avoiding Zoom meetings, so we will continue working on hearsay.
- **Sean Isom** was asked how he was doing during this crisis. He shared that all is good with technology helping out both his company and their clients. He stated that this crisis is ok on tech, unlike the 2001 dot bomb crisis caused by tech, then pivoted to **Peter Bell** blaming him for causing the 2008 financial crisis.
- Peter accepted blame for causing the financial crisis and shared that things are good with

#### Events/Speakers

his world. Business is going fine and he is doing well.

- **John Touchette** asked Carl about his interview on KCHO radio. Carl wrote a book and was on Nancy's Bookshelf yesterday. He shared very little about the book but plugged ABC Books for those who want to buy it. Beth there has a section for local authors and when you buy a used book, you can return it for 50% credit 3 Bells.
- **Paul Peck** recovered from Zoom sound issues with a "Can you hear me now". His wife's business Once Upon a Child is opening soon next door to Trader Joe's. It is a used clothing store for kids which he already was recognized for 2 bells anyways.

## PROGRAM

Andrew Burke & Claudia Lang of the Centerville Historical Association were able to present to us today. The area up on Butte Creek includes the Centerville Schoolhouse and Museum plus the surrounding park. The museum houses a large quantity of native Indian baskets, clothing museum and other artifacts.

The schoolhouse was built in 1894 and can hold meetings and 60 third graders as it did in March for a spelling bee and nature walk. Since the fire, it has become a central meeting hub and resource for the 400 homes in the community. Looking forward to more fun and creative activities at the site. They love educational opportunities and have Monthly potlucks. A soft re-opening is planned for the first Saturday in June.

## UPCOMING EVENTS

Virtual meetings until further notice. Recurring Zoom Meeting ID [878.0978.2925](#)

Look for future info on the virtual Demotion Dinner.

### Thanks to:
