Program

Claudia Lange, helped by Nancy Jensen, spoke to us today. They are from Centerville Recreation and Historical Assn. The association operates the Centerville School which was built in 1894 and operated until 1966 when CUSD took it over and closed it. They also have a museum up there with 1000 artifacts including a large indian basket collection. They are open Saturday and Sunday 1-4 and available for private events.

Their area was hit hard by the Camp Fire and Covid caused a total closure of the location resulting in no revenue during the pandemic.

A lively Q&A followed and maybe we can have a social at their location. We could join the 1st graders who visit and play a wild game of Duck Duck Goose?
