Jadene Ung

Montebello Unified School District-Special Education

Wednesday's program focused on work opportunities for adult special education students (age 18-22). The *Path to Competitive Integrated Employment* is a Transition Partnership Program with the Department of Rehabilitation.

The State of California created a proactive interagency plan to increase opportunities for individuals with intellectual and developmental disabilities to prepare for and engage in employment, and to reduce reliance upon subminimum wage jobs and segregated work settings.

The mission of the Path to Competitive Integrated Employment in Montebello is:

- provide quality education and experiences to all students in special education,
- to live exceptionally,
- to have a meaningful life, and
- to be a model citizen inclusively among community and family

Your Business Benefits and the District Pays the Student-Employee

It's a win, win! You gain a valuable part or full time employee. An adult with disabilities learns job skills. The employee is paid and insured by the School District. **Contact Jadene for more information.**
