## The Four-Way Test

*of the things we think, say or do.*

- First - Is it the TRUTH?
- Second - Is it FAIR to all concerned?
- Third - Will it build GOOD WILL and BETTER FRIENDSHIPS?
- Fourth - Will it be BENEFICIAL to all concerned?

## PROGRAM - Bill Harford - Humane Society Visit

The Humane Society's Pomona facility was originally built in 1949, supported by 232 donors, to service the need for a facility where help was available for stray, abused, and abandoned animals. Some of the original buildings are still on site, but the donor base, which has since increased to over 10,000, has enabled the construction of a new Silver-LEED certified office

building 8 years ago.

The facility is currently servicing an area with a population of about 800,000 people and serviced over 10,000 animals last year. In 2018, so far, the Humane Society has been able to fulfill their goal of not euthanizing a single healthy or treatable animal. To be able to meet these goals in the future and to provide an affordable alternative for health care for animals, a new 12,000 square foot LEED-certified animal medical center is currently being planned. It will feature a state-of-the-art animal hospital and surgical facility on the ground floor and a training center on the second floor as an extended classroom

for students in Mt. SAC's and Cal Poly Pomona's veterinary technology programs. The center will also provide low-cost vaccinations, spaying, and neutering. This addition will allow for the current clinic to be turned into a behavior enhancement facility to improve the sociability of challenging animals.
