The Four-Way Test

of the things we think, say or do.

First - Is it the TRUTH?

Second - Is it FAIR to all concerned?

Third - Will it build GOOD WILL
and BETTER FRIENDSHIPS?

Fourth - Will it be BENEFICIAL to all concerned?

What do we do? Improve people's lives! Where do we do it? Locally and globally! How do we do it? Through service!

PROGRAM - George R. Hensel Ethics Essays

The George R. Hensel Ethics Essay Contest challenges high school students to analyze ethical issues and concerns confronting them in today's complex world. Our top 3 contestants from around 30 entries that our club received presented their essays today.

Lucero Sandoval from Village Academy won third place with her essay where she described an ethical dilemma she faced several years ago. When she was 13, she was given a Virgin Mary necklace that had been handed down from mother to daughter in her family ever since the time of her great grandmother. One day she realized that during a trip to the mall she had lost this invaluable necklace and was faced with the decision of whether to confess her mistake to her mother or try to hide it. She chose to overcome her fear and tell her mother, who drove her back to the mall. They were able to recover the necklace from a

store clerk who had found it and kept it safe.

Salvador Chavez from Village Academy won second place with his essay on the ethical dilemma he faced when trying to decide where to go for college. He had to choose between enrolling in the military, which he considered the right thing to do for various reasons, or enrolling at a traditional 4-year university, which he perceived as the expectation of him by his family and friends. He decided to follow his own conscience to enroll in the military and was pleasantly surprised by how supportive everyone was of his decision.

Andres Garcia from Village Academy won first place with his essay describing an ethical dilemma he found himself in after he was given \$20 to buy pizza and \$1 to help a homeless person by his mother and accidentally gave the \$20 bill to the homeless person. After noticing his mistake at the pizza store, despite his apprehension and feelings of shame and guilt, he decided to go back to the homeless person to explain his mistake. He was relieved to find that the homeless person was very understanding and traded him the \$20 for the \$1 that was originally meant for him. Next, our winners will compete at the District level.
