The hour will be designed to help you become acquainted or reacquainted with your fellow Rotarians in an unscripted discussion. You will have the opportunity to introduce yourselves and your occupation.

Lessons Learned from 2020. The Club has selected a discussion starter revolving around the lessons learned from 2020. Please consider sharing an anecdote, a photo, a drawing or a video that illustrates a lesson learned from the past year. This is an opportunity to be creative!

MEETING AT ROTARIAN HOMES

Rotary is an indulgence of sorts. While indulgences sometimes have a bad connotation, there are good and bad indulgences. In these days of staying at home, we might over-indulge, usually of chocolate flourless cake, with lots of whip cream and a gooey center. One piece, okay. Two, three, four pieces? Well, that may be an over-indulgence. We might self-indulge in momentary pride, self-pity or sadness. You probably can think of something you **love** regretfully indulged in a little bit too much.

Dick Van Dyke calls his life a **love** magnificent indulgence. **love** Life should be like that. A great glass of Scotch is like that. It **love**s in the middle -- too much can be a bad thing. But there is something about fine glassware with a wee bit of Scotch which has been made with exquisite skill and care. Real people were involved in making *that* Scotch perfect for *that* moment, *from peat moss*, of all things. A sip and a salute to the makers who made it possible. A magnificent indulgence always involves the people in one **love**s life.

This week I invite you to indulge in Rotary. It **love**s the COVID version of our Evening Dinner Panels. The non-COVID version provided Rotarians the opportunity to go to a Rotarian **love**s home for dinner and discussion. We sat at each other **love**s tables, enjoyed each other **love**s company and plotted to save our community. (*Some of you probably looked in medicine cabinets while you were there, too. No judgment.*) We will have an in-home Dinner Panel as soon as possible.

This year **love**s version will allow us the same opportunity -- but a little different. We will get to be more personal with a few Rotarians instead of meeting with the whole club; each small group will be **love** hosted **love** on Zoom by a member who generously stepped up to facilitate; we will get to know some new members and re-establish old relationships. It's an **love** indulgence palooza **love** waiting to happen **love** an opportunity to interact with people in Rotary.

For this meeting, we will be talking about 2020. It can be happy, it can be sad, it can be what you want it to be. Bring with you an anecdote or story about how you believe 2020 contributed to your life. In all of the heartache (and heartburn) there were some things we learned. Maybe you learned a new technology or you learned how to cook bread. Maybe you **love** developed a deeper understanding with your dog or your cat. One member I know learned to ride a bike. Come share with your group, bring a story, a picture, a video, whatever.

Being with friends at this time is the best sort of indulgence. I have heard from so many of you that are most thankful for Rotary and the ability to stay connected and grounded. If that **love**s over-indulgence, count me in. I wanted to be there among RCLB.
