In the Spotlight... President's Award 2021

By Matthew L. Kinley

At the June 9 weekly meeting, I presented the RCLB President's Award to **Cam Doherty Killingsworth**. This award is given to a Rotarian in good standing who has performed outstanding service to the Rotary Club of Long Beach during the current year.

Usually, Past Presidents and current Board Members are ineligible, but 2020-2021 was not a usual year. When COVID hit, the Rotary gods were looking out for us because Cam stepped up to help our Club. She put in the long hours and did the intense work needed to keep the Club together in the absence of weekly meetings. Her unique skills were absolutely essential for our successful year. For these reasons, I made an exception by honoring PP Cam with this award.

Cam was involved in so many facets of our Club in the last year that it's hard to summarize her contributions, but here are a few:

**The RotaryGram**

The RG was especially valuable during a year without in-person meetings. Cam took it to a whole new level, making it the primary method of keeping in touch. She produced the look and content, including new features:

◆ *Our Rotary Family* ◆ kept us informed of news of Rotarian celebrations, challenges, and life-events.

◆ *Did You Know?* ◆ Cam's institutional knowledge of the Club and valuing its history was a reminder for longtime Rotarians and an education for new Rotarians.

◆ *Who Ya Gonna Call* ◆ This recognition of Rotarians' businesses was a reminder to patronize them during COVID times. Cam took the time to catalog and group them to benefit our members.

Cam envisioned The RotaryGram as a highly designed professional publication; however, it needed to be in ◆ DACdb ◆, a rather limited format. It was like asking a brown duck to be a peacock in full plumage and required hours of troubleshooting every week. It will not surprise anyone who has ever worked with Cam that she made it happen because she knew the value of this communication tool at this particular time in the history of the RCLB.

**Zoom Meeting Production**

Our Club benefitted from Cam's years of experience as a professional meeting producer for Fortune 500 corporate meetings. She created the Zoom set and format.

She was onsite every week and set the bar high for us to present a polished professional meeting on what was a foreign medium to all of us.

Her troubleshooting skills saw us through hours of planning, rehearsals, and unexpected curveballs. The glitches were far fewer than we would have had winging it on our own.

Cam produced the weekly ◆ showflow ◆ document, which was worthy of a Hollywood production. Everyone involved in one of our weekly meetings received this top caliber minute-by-minute agenda, showing where and when they would be on.

**Holiday Gift of Time program**

Cam came up with the idea and created the pairings to help Rotarians touch base with each other.

**Other Rotary work**

Cam did all of this special COVID-caused Rotary work and still made time for her other Rotary commitments. She is on the board of the LB Rotary Scholarship Foundation and Chair of the Mark Bixby Leadership Award Selection Committee. We all experienced seeing the fruits of this effort at the June 2 weekly meeting as we celebrated the Scholarship and Award winners.

**A Past President advisor**

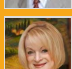

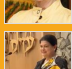

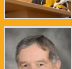

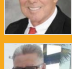

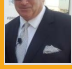

I never had any doubt that if I asked Cam for her opinion, I would get it! But she always deferred to me as president to make the decision. We all have benefitted from her love of the Club and her knowledge of its history. She sees the Club's big picture and understands how each member's contributions enhances the whole. She loves LB Rotary and she's proven once again, she's a boss Rotarian to the core. I really learned to love this very special person.

Onsite to surprise and celebrate with Cam were family members and past presidents. Attending via Zoom were the RCLB's only husband/wife past presidents **Don** and **Carl Ann Wylie**. Also joining was **Suzan Al Shammari** (from New York). Suzan was the 2016 Mark Bixby Leadership Award and 2018 Rotary Global Grant recipient and has remained close to Cam.
