President 105's Post #5

By Dennis C. Smith

At Wednesday's meeting, members were asked by Past President Kay Cofield to stand if they or a family member had ever taken a class at Long Beach City College. I asked them to remain standing and then asked everyone who had participated in any of our Feeding the Future events to stand, and then anyone who has contributed to our club's Scholarship Foundation to stand. From the podium it appeared that almost every member in the room stood up a nice welcome to new member and our speaker, LBCC's Interim Superintendent-President Dr. Mike Muñoz.

Last week our speaker Jennifer Allen asked members to stand who had themselves, or their children, been enrolled at the Long Beach Day Nursery. The response was not as great as the call to stand for LBCC, but looking around it appeared to be about twenty members.

Welcome... New Rotarian

By Virginia Baxter

	
--	---

Mike Muñoz is considered one of the most student centric, equity focused community college leaders in California. Although he has only been **Interim Superintendent-President at Long Beach City College** for five months, his leadership as Student Services Vice President enabled him to quickly assume this new responsibility. This year the College has had considerable challenges due to COVID: pivoting classroom instruction to remote learning, offering services via online platforms, and addressing student financial barriers. At the same time he faced the challenge of addressing disparities in opportunities for both staff and students. Mike is a thoughtful and committed leader. His values are in line with the Four-Way Test and he will serve as an outstanding member.

He had the opportunity to raise his daughter, Miranda, as a single father. When he transferred to UC Irvine, he found family student housing so she could join him. She graduated from Whittier College in 3 years by taking classes at LBCC. She recently graduated from San Diego State with a Master's in English and has been hired as a lecturer at SDSU as well as an adjunct at Cuyamaca College in the Fall. Mike doesn't have much time for hobbies but has expressed that he would like to learn golf. Welcome, Mike!

Lisa Finn Update

Lisa Finn's stem cell transplant went well although hospital recovery has been rough for her. With luck, she should be able to come home this week to continue convalescing.

Daughter Madeleine is taking a leave from her new job to provide 24/7 care.

Until Lisa returns home and is able to share how Rotarians might help, cards and other ways of cheering her up are most appreciated.
