Rotary Grove - REVISED

The Club meeting on April 21, 2021, was held at the Rotary Grove along side the Oso Creek Trail. **Below, please note the corrected history of the MV Rotary Grove.** Thank you to PP Victoria Avery for describing the beginning of the Grove. The following is information she shared with me:

I, [Victoria], was club president during Rotary Year 1997-98 and I wanted to develop a visual site for Rotary in our city. Keith Ratay, (with the City of Mission Viejo), and I coordinated the Rotary Grove project. My husband, (Dan), wrote the words that appear on the plaque and I chose the type of trees for the Grove. The Grove is meant to be a place to rest, contemplate and appreciate what Rotary has done, and does, for the community. The name plaque was added later and helps honor past club presidents. I am proud of the Grove and I enjoy visiting it throughout the year. I am sorry my schedule kept me away during last week's meeting. - Victoria

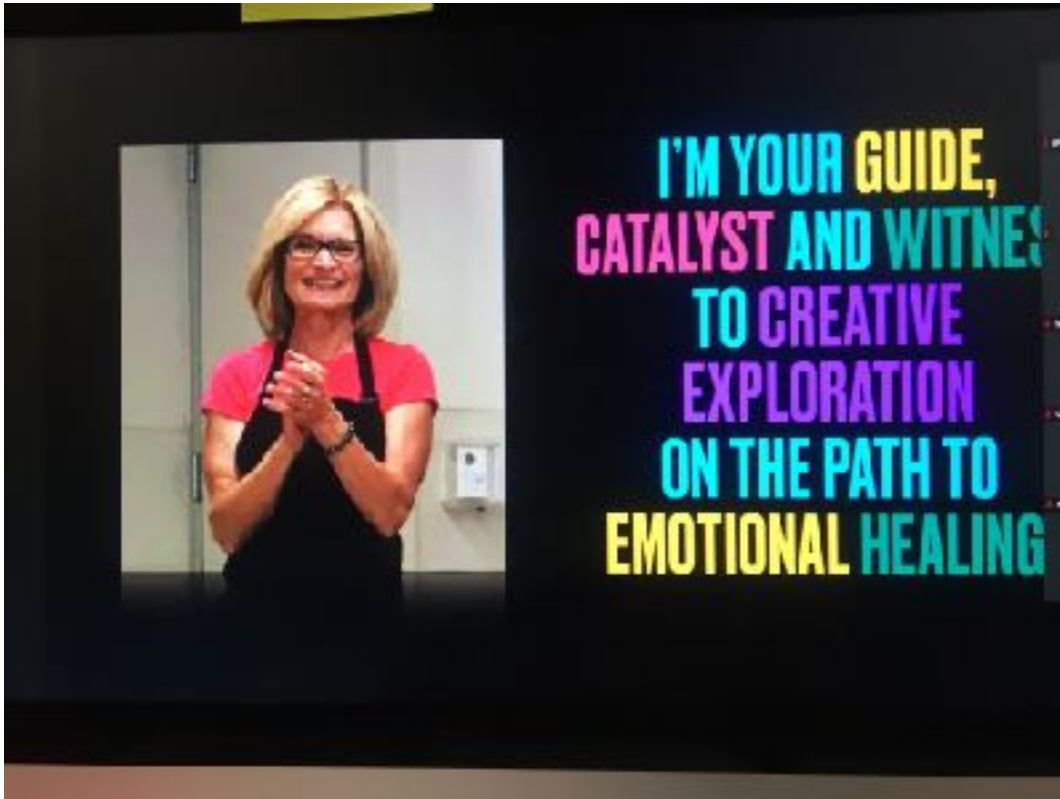

Editor's note:

Thank you, Victoria, for your input and for envisioning this special site for the the City of Mission Viejo and the Rotary Club of Mission Viejo!

Painting Your Heart!

The emotions of color

Guest speaker on May 5, 2021, was Christine Barone, who shared the story of Painting Your Heart Workshops.

Ms. Barone explained a three-step process she uses in her workshops to guide cancer survivors, at-risk individuals, veterans, and others to places of healing. She uses visualization and color to guide her clients to places of healing.

Ms. Barone lead a very interesting presentation and the workshops she described seem fascinating.

Aliso Viejo Ranch

The Rotary Club of Mission Viejo met in a hybrid meeting with half of the attendees in-person and half on-line. The meeting was held on Wednesday, May 12, 2021, at the newly opened Aliso Viejo Ranch in Aliso Viejo.

For in-person attendees, the meeting included breakfast burritos and coffee. For all attendees it included a guided tour of the Ranch, emphasizing the history of the area. Attendees were informed of the significance of Moulton family, the Mission Viejo Company, and more in the development of this part of South Orange County.

The meeting was both interesting and informative!
