Kevin Moore, a Sunup member, presented a program on *Life Stream*, a non-profit organization started in 1951 that is responsible for the collection blood for So. CA, and more specifically for the Coachella Valley. Kevin began his presentation with a compelling video of a young girl who required 44+ pints of blood for her heart transplant surgery. The Coachella Valley requires some 20,000 pints per year in order to save residents' lives. There are 6 donor sites in the valley that makes it easier for donors to give a pint as often as every 56 days. The newest site will be up and running in Rancho Mirage in October. Visit the organization at www.lstream.org.
