Rotary Notes of Interest & Announcements

1. The first order of business was to induct the two newest members of the whole Rotary World! **Tom Mitchell** did the honors and we welcomed The Johns! **John Weisbarth**, sponsored by his dad **Doug Weisbarth**, and **John Duncan** sponsored by **Dan Orr**. Their classifications are, respectively, Media Productions and Business Litigation.
2. **Sue Ryan** presented Steve and Elizabeth Wampler and Camp Wamp our \$1000 donation.
3. The Golf Tournament is on and **Bob Plumb** said it's the same time, same place, March 19, 2021. Watch for an email from **Pandemic President Robin**. **Jim Laslavic** said we need 36 Rotarians and three friends each to make it a sell out!
4. Big doings at the end of summer! **Dan Gensler** will be the new District Governor so we're hosting the District Conference September 10-12, 2021 at the Hotel Del. **Kitt Williams** announced that the End Polio Now Party will be September 10 at the Windsor Lawn. Here's what you can do: Save your wine corks from now until late August! All you wine drinkers, save those corks!!!
5. School is open and so is Interact. **Heidi Bergener** said that they're still supporting the Hacienda Orphanage through a Donation Drive. From February 18 through March 6 you can drop off cleaning supplies/ shampoo/toilet paper/detergent/etc in a box by the front of the High School.
6. Just when you figured out that CSE was "Supporting the environment" now **Zayanne Thompson** said it's changed to "Protecting the Environment." **Pat Starke** was called out as a super volunteer and he reiterated all the opportunities we have to pick up trash!

Mark your calendars for March 19th, the 25th Annual Rotary/Laslavic Charity Golf Tournament!

David Landon introduced local celebrity and chef Melissa D'Arabian for a discussion on what's important to her and how food fits in. Melissa won a Food Network contest and published "\$10 Dinners" and has become one of the network's stars, all while raising four daughters in Coronado (Welcome to **Pandemic President Robin's** world!). She said she is in the "Trench Buddy" business using food to connect with people. Food connects people all along the "Lifecycle of Food," from soil, to seed, to harvest, to transport, to market, to the table, to eat, and finally to cleaning up the dishes! All along the cycle there are opportunities to connect with humanity.
