### *Notes from the Scribe*

The most flexible, dynamic Club in the universe went back to CCYC for a hybrid meeting and **President Rob** rang the meeting to order. **Scott Metzger** was called on to address the judge, I mean, offer the invocation. **Dan Orr** got to introduce Charles Nelson, Sr., here to visit our new member **Charles Nelson, Jr.**

## **Rotary Notes of Interest & Announcements**

1. **Suzanne Popp** inducted our newest member **Robert Scott** who is sponsored by **Steve Duermeyer**.
2. Who Are WE? **Paige and Dick Hoffman** are typical Rotary over-achievers! They both were graduated from the Naval Academy, both played NCAA sports; Paige played tennis and Dick boxed (three-time NCAA champion). Paige's Navy career was in civil engineering and Dick was a SEAL They were married in 1988 and have raised four children who have all finished college. They will be great Rotarians!
3. **Dave and Janice Lowenberg** led last week's Coronado clean up at Tidelands Park this past Saturday.
4. If you continue to volunteer at Sharp Hospital's vaccine clinic email **LuAnn Miller** with your volunteer hours. **Ted Sanford** said they really need volunteers.
5. Generous Rotarians responded to **Ron Verneti's** entreaties regarding welcome baskets for Father Joe's new high rise apartments. **Virginia Bayer** said that once we buy the stuff for the baskets we have to assemble them. We're looking at December 3<sup>rd</sup>. Details to follow.

**We inducted our 3rd new member of the year. Welcome to our newest Red Badger, Robert Scott!**

Wayne Hoffmann's memorial service is September 26 at 2:00 p.m. at the Methodist Church.

Bad news, good news! **John Duncan** had a growth removed from his throat; the good news is he's got great doctors and an optimistic outlook. Fight On John!

**A big thank you to Dr. / Past President Suzanne Popp for serving as our Mistress of Ceremonies at the Wine Tasting!**

## Program

**Ivan Dunn** introduced his old colleague ADM Michael McDonnell who told us about his rise to be director of the NSA. Naturally, the topic was cyber-security. In his occupation there are only three possible outcomes: Policy success, operational success, and intelligence failure!! We need to work against national actors who are threatening our networks and cyber-infrastructure, all of which are at risk. He observed that we are always reactive not proactive in dealing with these threats. He also noted that large organizations will take failure over change!
