According to legend, why did Ringo leave? Because during an interview with John Lennon, he was asked if Ringo was the greatest drummer in rock & Roll. John replied "He's not even the best drummer in the Beatles".

What was the final song performed by John Lennon for a paying audience? "I saw her standing there"

Some quotes from the brilliant Steven Wright:

1. A clear conscience is usually the sign of a bad memory.
2. A conscience is what hurts when all your other parts feel so good.
3. A cop stopped me for speeding. He said, "Why were you going so fast?" I said, "See this thing my foot is on? It's called an accelerator. When you push down on it, it sends more gas to the engine. The whole car just takes right off. And see this thing? This steers it."
4. A lot of people are afraid of heights. Not me, I'm afraid of widths.
5. Ambition is a poor excuse for not having enough sense to be lazy.
6. Borrow money from pessimists-they don't expect it back.
7. Change is inevitable....except from vending machines.
8. Cross country skiing is great if you live in a small country.
9. Doing a little work around the house. I put fake brick wallpaper over a real brick wall, just so I'd be the only one who knew. People come over and I'm gonna say, "Go ahead, touch it...it feels real."
10. Drugs may lead to nowhere, but at least it's the scenic route.
11. Eagles may soar, but weasels don't get sucked into jet engines.
12. Everyone has a photographic memory. Some just don't have film.
