Dear Evening Rotarian,

This is not quite "last minute", but it comes close! I have no excuse, except that I have taken a large portion of my time since working in the yard at Common Ground this past Thursday either scratching or applying anti-itch ointment to my three dozen discernible bites. I was not aware of being bitten by anything, although I will admit to the "hot and sweaty" condition when we finished. The next time we do any work like that, I will liberally apply insect repellent.

That was the bad news. Now, for the good news: after a total of 4 hours on hold with USAA Travel Center, I finally talked to a person and was able to cancel my round-trip flight to Colorado for the end of July. I had originally booked non-stop, round-trip flights from Columbia to Denver, but United cancelled those flights and re-booked me on a flight that involved a layover in Chicago coming and going. Talk about taking a quick flight and turning it into an all-day affair!

We are coming very close to the end of our Rotary year. If you haven't already done so, please send your updated service hours to Cathy, and make sure your dues are up-to-date.

Nick sent me an email from the husband of a Rotary friend (Beth Thompson), asking for help disassembling and moving office cubicles from Jefferson City to Columbia on Saturday. I think the best thing would be if you are able to help with any or all of the project, get in touch with Nick for times, places, and details.

This week we will be having a club assembly instead of a guest speaker. Please join in with information and questions about the projects we have done this year, as well as our accomplishments and dreams for the future.

See you on Zoom!

Carol
