Fellow Rotarians

It is my sincere hope that you all have had a good week this last week. It has been brutally hot and the COVID-19 numbers have been climbing.

It is my hope that we all stay well through all of this.

Just a brief note. COVID-19 is real. Since January I have tested a lot of people for the illness. Only in the last 2 weeks have I encountered real people with positive test results. We did a great job of flattening the curve early on but this is not going away soon. Meanwhile keep up the good work social distancing, wash your hands, wear your masks. We will get through this and will have stories to tell when it is all said and done.

The membership committee has been busy and has a fun new initiative to help the newer members get to know some of those who have been in the club for a while. If you haven't completed the Rather Random Rotarian survey please take a few minutes to do so.

I have also put a link below to a survey to look at trying a face to face rather than a virtual meeting until the Church opens up again. We value your input and want to make sure as many as possible are heard.

I do miss seeing all my Rotary friends every week.

[Random Rotarian Survey](#)

[Meeting on line v. location survey](#)

I have to give credit to Harry Richter for figuring out a way to do the 50-50 drawing in a virtual format. That was really interesting I think we raised more money last week than ever before on a drawing.

This week the meeting will be on line once again. via ZOOM meeting ID is 880 4250 6976 Password is rotary.

Our Speaker will be Jackie Howard who is the new District Governor for District 6080. Jackie has tremendous energy and passion for Rotary and she comes to us from beautiful Pulaski County where I am blessed to spend 3 days a week caring for the good people of that area.

See y'all in the virtual world on Tuesday.

Yours in Rotary Service

Joe
