

President Zatuilla Nara's Weekly Bulletin

November 7, 2021

I can't believe that time is flying so quickly. Over the last couple of weeks, we've participated in several outstanding service projects/training/social activities, including helping with the Habitat House, assembling packets for Project D.I.V.E., the spaghetti dinner fundraiser, bonfire social at Dottie's, and attending the District 6080 Fall Conference. All I can say is that I'm proud of your engagement and support! We help transform lives in Jefferson City and globally.

For example, in partnership with the Fulton Rotary Club we will make a difference for the Maasai people in Tanzania.

- \$250 will provide deworming medication over the next year to over 500 children.
- \$250 will provide menstrual hygiene kits to 25 young women at the Loibor-Siret Primary School.

On Tuesday, November 9 - Paul Reinert, Springfield Rotary Club will present information on the Rotary Foundation. Join us for a meal and fellowship. Your contribution will support Rotarian-led service projects.

Saturday, November 13 or 20th - Habitat for Humanity project – As you know, our Club has been assigned to work the fourth Saturday of each month. Our designated time is Thanksgiving weekend and because it's a holiday we won't be working that Saturday. Please consider volunteering If you're available either on November 13 or 20th. Kit has indicated that the work is progressing quickly. Each person helping with the Habitat project is required to fill out the [Volunteer Agreement](#) and can sign up for each shift [Volunteer Sign Up](#).

Please let me know if you have any questions regarding this email. Hope to see you on Tuesday either in person or via Zoom.

With gratitude,
Zatuilla
