**District Leaders**

Have to Change Lives

**Batesville Help & Hope** has reached out to us for help. They are needing volunteers to help them out during this trying time. Most of their usual volunteers are older and are staying home due to being high risk. They want to be able to stay open to continue to provide food, but are needing volunteers to help operate when they are open.

They are working to make it as safe as possible for volunteers. They have changed it so that people have to stay in their vehicles and do not come inside. They also have gloves and masks for people.

Tracy Smith is the director. They are currently open Monday, Wednesday, and Friday from 8 am to Noon each week. If you can help or if you know of anyone who can help, please give Tracy a call at 870-834-6274.

**Haiti Water Filters/ Tarps Update**

By James Arbuckle

As most of you know, Haiti holds a special place in my heart from having traveled there over a 10-year period. As we all know from recent headlines, the people in Haiti, especially those in Les Cayes and Jeremie, are in a tragic situation with the earthquake; the ongoing political struggles; COVID; and the recent tropical storms.

I recently reached out to club presidents asking for assistance in providing Sawyer Membrane filters to these impacted areas at a cost of approximately \$16 each. These units weigh approximately 8 ounces each and can be connected to a five-gallon bucket to purify water. The filtration rate is slow at approximately one gallon per 5 min. of high-quality water. Tarps are also needed at a cost of between of \$40 and \$50 each. Special arrangements have been made to fly these items to Haiti at no additional cost. So far we've had a good response from clubs and have received approximately \$6900 in commitments are asking other clubs to have a conversation and help in any way you can. We are planning to purchase filters in two waves so that we can use funds we have currently received to meet urgent needs and follow up with more when clubs have had the chance to decide. For additional information feel free to reach out to Phil Shupe at cell number 870-672-1660 (Phil@Shupeandassoc.com) with North Little Rock Rotary or reach out to me for questions. Your attention to this urgent need and timely response is appreciated. Please mail your contributions to Rotary District 6150, PO Box 242282, Little Rock, AR 72223.

I realize that the timing of this request coincides with the needs for hurricane victims in Louisiana and Mississippi (and other states for that matter) and the needs associated with the fires out west. The Rotary Foundation supports disaster relief and recovery efforts through grants from the Rotary Disaster Response Fund. Districts that have been affected by natural disasters can use Rotary disaster response grants to launch their own projects or work with established relief organizations to help their communities recover. Grant funds can be used to provide basic items such as water, food, medicine, and clothing. Don't forget that we as Rotarians have the ability to contribute to the Rotary Foundation to support these efforts

## Rotarians - Taking action against COVID-19

Building on decades of experience in bringing polio to the brink of eradication, Rotary members worldwide are helping health authorities communicate lifesaving information about COVID-19 and vaccinations, combating misinformation, supporting fair and equal access to vaccines, and curbing the spread of the virus by donating protective gear and other supplies to clinics and hospitals that are under strain. Learn what your club can do to help by visiting our [COVID-19 information page](#) on My Rotary. There you can learn more about why vaccinations matter, find tips on how to talk to someone who is vaccine-hesitant, and discover how to take action to support India as it has fought a surge in cases.

## ShelterBox - Part of your disaster response

Rotary and ShelterBox have worked together for more than 20 years, offering support to millions of families worldwide that have been devastated by disaster and conflict.
