 **11:30 a.m. Pre Meeting Entertainment: Musical selections from Pandora**

## 12:00 noon Program: Virtual Fireside Chats

We are excited to bring you this crowd favorite - Fireside Chats, smaller meetings to enable members to interact and know each other better - now in a virtual format!

We recommend you enable video for at least the chat portion of the meeting!

Here is how it will work.....

Log on as normal - information below

President Jeff will open the meeting as usual, we will have the 4 Way Test, Prayer and Pledge as normal, Good News of the Day and announcements

Following the business portion of the agenda - we will break into rooms within Zoom...there will be just a few minutes delay while I set up the number of rooms needed - then I hit the magic button you will be transported to one of 11 breakout rooms. There will be a moderator in each room to keep everything on track and ensure good interaction/participation. You will have 30 minutes in the rooms, your moderator will be notified about 1 minute before.....the magic happens again and you are transported back to the general meeting - President Jeff will adjourn the meeting.

Join us for our maiden voyage *"to boldly go where no 99er has gone before"*  
(cue Star Trek theme music)

Virtual Fireside Chats!

(Yes, I realize this dates me - no apologies)

Big thanks to our moderators for tomorrow's chats and

special thank you to Barry Goldberg for lending his expertise to the process:

## Two Service Opportunities

Mark your calendars for Friday, September 11, 2020  
 Blood Drive - Simmon's Arena  
 9:00 a.m. - 3:00 p.m.  
 Arkansas Blood Institute

Club 99 will be one of the sponsor organizations! They want this to be one of the largest drives of the fall! They have asked for Club 99 to provide volunteers to greet donors, provide snacks and possible "door prizes" for the drive.

As soon as all details are buttoned up - we will send a link to sign up to donate, information to volunteer.

The ABI is hoping to have the largest convalescent plasma draw during the drive to qualify to give:

**IMMEDIATE NEED!**  
 CONVALESCENT PLASMA FOR TREATING COVID-19

Your Blood Institute has an immediate need for convalescent plasma from donors who have recovered from COVID-19, as part of an experimental initiative to use the product to treat seriously ill patients.

**WHO IS ELIGIBLE:**

To provide convalescent plasma, donors must:

- Have a prior diagnosis of COVID-19, documented by a laboratory test
- Be symptom-free for 14 days prior to donation
- Be 7 days post blood or plasma donation

**HOW TO REGISTER NOW:**

Sign up today for the registry by visiting [bit.ly/covid19-registry](http://bit.ly/covid19-registry) or calling 888-308-3924. Positive COVID-19 test results should be faxed to 405-278-3140 or emailed to [results@bio-linked.org](mailto:results@bio-linked.org).

Once qualified, plasma will be drawn, with a single donation providing therapeutic plasma for 2-4 seriously ill patients.

**REGISTER NOW**

- ◆ Qualify as a regular blood donor
- ◆ Be 18 years old or older
- ◆ Be symptom free from 2 weeks
- ◆ Have documentation of positive CV19 test (PCR ◆swab◆ or antibody)
- ◆ Go to [arkbi.org](http://arkbi.org) website

September 19, 2020  
 From our friends and members at UA Little Rock - Donate your Electronic Devices.....

The Association for Computing Machinery at The University of Arkansas at Little Rock

The Association for Computing Machinery has identified some of the difficulties being faced by students across the nation who are adapting to a new, modern learning environment in the era of the Covid-19 virus. We see that there is a need for access to computing devices for students taking classes online, and feel that this is a challenge we are well equipped to help our local community overcome.

It is with great excitement I would like to announce the intentions of the Student Chapter of the Association for Computing Machinery at UA Little Rock to hold a charity drive. We ask the community to donate electronic devices that we can distribute to students who lack the necessary equipment to succeed in their education with its new online-centric modality.

It is our intention to set up a table on the 19th of September, 2020 in lot 8 at the University of Arkansas at Little Rock and collect electronic devices. We will accept equipment in any condition and encourage people to donate items even if they believe they are of no value as we may use them for parts to combine with other equipment to make usable machines. We will also accept cash donations if that is the wish of the donor. We will hand out receipts for tax deduction purposes to those who desire proof of donation. All proceeds that come from this event will be donated to area students and any left over funds will be given to a local Pulaski county charity dealing with Covid-19 relief that will be determined at a later time. Equipment that cannot be repaired or used for parts will be recycled at an official electronics recycling location.

In order to ensure safety and success the number of student workers will be limited and proper PPE will be present and available, including: face masks, face shields, cleaning wipes, and isopropyl alcohol. After the equipment is gathered we will disinfect the devices and store them in the ACM

facility on campus.

The equipment will be assessed for functionality and we will make any repairs deemed appropriate. Then we will wipe all storage devices and install fresh operating systems so that users will have little to no setup required. We will make the devices available at first to UA Little Rock students, but if the resources outpace the demand then we will reach out to other local universities and schools.

Respectfully, Nicholas Stewart

## Upcoming Programs

### September 2020

1 Virtual Fireside Chats

8 Gus Malzahn, Head Football Coach, Auburn University - moderator David Bazzel
