12:00 noon Program: Beekeeping and the Importance of Bees or "The Buzz on Bees"

Jon Zawislak, Apiculture Specialist, U of A System Division of Agriculture Cooperative Extension Service

Jon Zawislak is the Apiculture Specialist for the University of Arkansas System Division of Agriculture Cooperative Extension Service. He has worked and played with honey bees since 1998, and is equally at home in the bee yard, the laboratory or the classroom. Each year he presents lectures, workshops and short courses for new and experienced beekeepers throughout Arkansas and beyond. His teaching emphasizes the biology and behavior of honey bees, and their associated pests, as the cornerstones of keeping colonies productive and healthy. He also spreads the word about the importance of honey bees and other pollinators to the non-beekeeping public. Jon has a background in botany and entomology, as well as journalism and graphic arts. He is a certified Master Beekeeper and is currently working to complete a PhD related to his favorite little insects. He and his family also operate Walnut Valley Honey Farm (walnutvalleyhoney.com)

in Little Rock, Arkansas, supplying pollinators for area community gardens, and producing wonderful products from their hives.
