This Week's Program August 21, 2019

Brian Kutsch, Education Director, Little Rock Zoo

My passion to create innovative programming focused on conserving nature has been the driving force throughout my career. Whether at an accredited zoo or botanical garden, I have lead the development of programming that is impactful, profitable and attractive to sponsors and donors. I am also active both nationally and locally with groups focused on areas such as education, diversity and inclusion, and business development. I currently serve on the board of the Arkansas STEM Coalition, the board of the Little Rock Regional

Chamber's (LRRC) young professionals program "Create Little Rock", the LRRC Diversity and Inclusion Committee, as a member of the Little Rock Convention and Visitors Bureau's Rock Star program, and as the education advisor for the Association of Zoos and Aquariums Orangutan Species Survival Plan.

Four-Way Test

The Four Way Test of the things we think, say, or do...

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better friendships?
4. Will it be beneficial to all concerned?
