This Week's Program September 16, 2020

Leslie Davis - ♦The Business of Sustainability.♦

Leslie is co-founder and Vice President of Harbor Environmental and Safety in Little Rock, Arkansas. She has been an environmental consultant her entire career. Over the last 29 years, Leslie has guided numerous clients through the maze of environmental compliance requirements associated with site-specific permits, general regulatory programs, and implementation of corporate policies at the local level. She serves on several regulatory committees providing valuable insight to both regulators and the regulated community, as well as on the Board of several Arkansas associations. She has a unique ability to bring complex regulatory requirements down to site-specific, detailed implementation plans. Her experience consulting for all types of industry and governmental clients is invaluable as our clients transition from merely complying with EHS regulations to sustainability reporting and telling their story about how their businesses impact our natural and human environment.

Leslie lives here in Little Rock with her husband, Richard and two grown sons, Ben and Matthew.

Please pay your Invoice

This is a friendly reminder that Club Dues invoices need to be paid. If you need another copy of your invoice, please email Nancy. Good news! We now except payment by Venmo @westlittlerockrotary. wlrrotary@gmail.com

Mark Your Calendars

Wednesday, September 16th - Leslie Davis, The Business of Sustainability

Week of September 21st - Leo's "Service Project" Restaurant

Wednesday, September 23rd - Kirk Lane, Drug Take Back Program

Wednesday, September 30th - Shana Chaplin, EngageAR-Arkansas Service Commission

Get to Know Frank Holmes Cox with Leo's

How many years have you been in business?

60-70 for the restaurant (haven't been able to get to the bottom of this), 7 for me.

How many employees?

It fluctuates, but typically 8 to 10

What's your favorite item/entree on the menu?

Tie between the the Gyro Platter and our award-winning Burger. You can't get a better gyro and it's a killer value, but the burger is what a burger ought to be... hand-patted, loaded with spices, and cooked on a seasoned griddle. You can't lose with either of these.

What's the most popular item on your menu?

Once again, a tie between the the Gyro Platter and our Burger. Unless we're including drinks, too. The 75 cent PBRs fly off the shelf as fast as we can stock them. 0.75 guesses why...

Who would you invite to dinner?

My grandparents

I will NOT eat:

This will bring shame to my family's name... fish. I actually try it all the time, just in case I start to acquire the taste, but it never happens. Sorry, mom and dad.

Favorite television food show:

Food Wishes (YouTube channel)

When you aren't working, you can be found doing what?

Falling ever-deeper into an unhealthy acoustic guitar addiction. My girlfriend is actively looking for a support group if you all have any suggestions.

Favorite book/movie:

Hot Fuzz

Favorite musician/band:

Periphery (progressive metal, for the nerdiest of music nerds)

Any positive take away from the pandemic?

Little Rock has shown understanding and generosity that I never knew we were capable of. Our loyal customers are supportive enough to keep our staff paid, food writers like The Mighty Rib are promoting local restaurants as much as possible, and citizens, for the most part, are doing what they can to be safe and responsible.

One word to describe your restaurant?

I don't know, but "pretentious" definitely isn't the one! We're a hole-in-the-wall that makes good food and sells cheap beer. That's it!

Four-Way Test

The Four Way Test of the things we think, say, or do...

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better friendships?
4. Will it be beneficial to all concerned?
