

2020 Rotary District 6150 Virtual Conference - On Demand

Monday, June 29, 2020

Relive Rotary District 6150's first-ever virtual conference on-demand and learn why, now more than ever, Rotary Connects the World!

- Rotary Youth Exchange students share their life-changing experiences.
- Club leaders will share their success stories in membership growth, diversity, service and engagement.
- Learn how the Rotary Foundation and Rotary International are working to end diseases, educate, provide economic opportunities and more while we address the environment.
- Be moved by the story of one of our own Rotarians, a polio survivor.
- Be inspired by the work of Rotarians in Kentucky working to end the number one preventable killer of women in Haiti.
- District Governor George Fray wraps up the conference and his year presenting awards to clubs and members, recognizing their outstanding work and successes.

We've broken the entire conference into eleven separate videos allowing you to view those sections that interest you the most. Also, consider using one or more of these videos for a club or event program.

[View the playlist of all eleven videos on YouTube here.](#)
