Battle Creek Police Department*

A coalition of community members seized the idea for a splash pad in Claude Evans Park and they have been making it happen since 2019. They have raised over \$26,000 of their \$50,000 goal. The splash pad will provide many benefits including providing a safe place to play, encouraging physical activity and building a sense of community. Construction is underway but donations are still needed. No amount is too small.
