TIF district funds from the construction of new campus housing developments. She also explained that the Parks Department felt they needed to update their logo, thus the new logo now used. Seeing that, the city of West Lafayette also decided to update their logo.

The entire facility is 73,000 square feet and includes several facilities, including a 170,000 gallon 4-lane swimming pool. The pool is wheelchair accessible and includes a cruciform vortex area to enable water walking and a bounce house for children that will be available each Friday evening. Swimming lessons, both group and individual are also offered, although they are actively looking for swimming instructors!

Their fitness floor includes 7,200 sq ft upstairs with state-of-the-art exercise equipment, including a full line of cardio equipment – treadmills, stair steppers, ellipticals, recumbent bikes, upright bikes and other pieces of workout apparatus. They also have free weights and a Synrgy Station with 4 different components that can provide up to 100 different exercises. A number of these exercise areas actually overlook the gym downstairs, allowing parents to keep an eye on their children. There are also two downstairs fitness studios, as well as a fitness on demand interactive video program.

One of the most highly used areas is their 1/10-mile track, which is used both by children and adults. For cyclists, they offer several SPIN classes.

They also have a Youth Clubhouse where children can play while their parents exercise. This includes swim lessons, an indoor playground, organized youth sports as well a Parent's Night Out program. The youth area is available to children from 6 months to 11 years. They also recently finished a summer camp with 120 campers.

The facility also includes rental areas and conference rooms. All 3 of these can be rented together or separately and the Party Room Program includes a party room for 1 hour and 1 hour of gym time or pool activities.

They also recently installed an outdoor Playground, which has already seen much use.

Their rate structure is \$45 for an adult membership, with \$15 for additional family members. There is a family rate as well as a reduced rate for seniors. They also have a partnership with United Healthcare to offer the Renew Active program and hope to soon offer a Silver Sneakers program. Membership includes a number of benefits, but you also can hire a personal trainer

**Thought of the Week:** "it's not what you gather but what you scatter that tells you what kind of life you have lived." ~ Helen Walton

**Trivia for the week:** What is the Olympic motto?

**Answer from last week's trivia question:** What was the first US city to host the Olympics?

St. Louis, in 1904. The Olympics organizers combined the games with the Louisiana Purchase Exposition, a fair that celebrated the 100th anniversary of the Louisiana Purchase.
