Program Update - August 25th Dana Cochran & Steve Hite Hendricks Power

Dana Cochran and Steve Hite from Hendricks Power visited our club last week. The organization was founded in 1936 and began delivering power to approximately 400 members on January 1, 1938. Hendricks Power is a Rural Electric Membership Cooperative (REMC) now providing electricity to almost 35,000 clients in West Central Indiana. Much of the discussion focused on the co-op's Tesla Model 3, and its use in the promotion of fully electric vehicles. In order to better educate the public on Electric Vehicles (EVs), Hendricks Power is touring its Tesla throughout its service area and has created a series of videos which are available on its website, Facebook, and YouTube pages.
