Virtual Meetings for the Remainder of 2020

By Thomas Strasburg

Greetings to our Rotary family,

In this Thanksgiving week, I have much to be thankful for. I hope the same for you.

We have a wonderful meeting this week and I hope you all can join us tomorrow morning. This meeting is about Hope Squad, featuring Tami Santa of Westerville Schools. We will also hear from Dennis Blair's sister, Becky Kingsley, who lost her daughter and is the catalyst behind this program. For some background about Becky, Kevin, and Molly please read the article [here](#). Or you can go to the website www.WEC-Sportlights.com.

Please also remember to contact Greg Ruban with payment of your quarterly dues if you haven't already. I will be reaching out to those who are slightly in arrears. This is a responsibility of Membership that we all take seriously and is necessary to support the Club operations. Hosting zoom meetings creates excess cash flow: the use of which is being considered by the Board. If you have any questions about that, or even ideas of how to put that to good use, please let me know. And please remember that if any Member has a need, there is an Angel Fund set up to address individual needs. Let me know if you have any questions about the Angel Fund.

Thank you all so much. Please stay safe and have a good Thanksgiving.

Kind regards,

Tom

Academic Allies

By Stuart Allyn Whittaker

I-Can has been a great way for Rotarians to be involved with students and teachers at the Westerville City Schools, but I-Can is not possible when volunteers can't be in the classrooms. Remote learning is challenging for many students and their teacher's time is stretched by the half-in/half-home hybrid format currently in use. For those of you who want to stay involved in this Covid world, here is a way to really make a difference.

Academic Allies is an opportunity for volunteers with academic subject matter expertise to get involved and make a difference with students, parents, and teachers in Westerville City Schools. Learn more about the program and watch a video about Academic Allies here: www.westervilleeducationfoundation.com/academic-allies This program allows community volunteers with content knowledge and/or teaching experience to make a significant impact on the life of a child as they navigate this challenging time of remote learning.

Teachers, school administrators and guidance counselors identify students who are eager to learn but struggling with remote learning. As an Academic Ally, you will be paired up with one student who will benefit from your experience and your knowledge of the subject matter that is most challenging for them. You and your student meet during mutually agreed upon times for live, virtual conferencing sessions. A commitment of 2-4 hours weekly is recommended. Security procedures are in place to ensure the safety and security of students and volunteers.

There is no cost to participate; however, all Academic Allies volunteers must have the technical equipment/internet connection to support video conferences with your student via Skype, Facetime, Zoom or other platform. You can specify the grade level, subject matter you know best, and even the school from which you'd like to support a student. Sign up to volunteer by completing this form.
