MEDICAL MOBILE UNIT

PATRICK HARLAN & LORI BERGLAND

Please join us as Patrick and Lori provide an overview of the Maury Medical Mobile Unit Services. They will discuss how providing food, beverages, and other essentials for its patrons is one of our upcoming service projects.

Most of you have probably seen me sporting around my Rotary Club Name Badge. Did you know that when you come to the meetings that we would like for you to wear your name badge? Also, did you know that a growing number of our group does not have a badge or may have never had a badge? I am going to be putting together a list of members that do not have a badge and then I am going to find out how to order them. So if you don't have a badge, be sure to email me and let me know so I can add your name to the list.

From Mark's Desk: We have a new member who has been proposed, Brooke Barrett's application is included in the newsletter. Be sure to take a moment to let a board member know if you have concerns with welcoming her to the club! - Mark

AT WORK

2021 "4TH" OF JULY

George is starting to ramp up for the upcoming "4th" of July festivities that will be at Riverwalk Park this year on July 3rd. He needs out help in several areas and as we are a club of action we need to stand behind him in his efforts to make this an annual event. Remember that this is the only event that we had last year and just as it always is it was well received in the community. I for one look forward to being a part of this event every year! Look for the signup sheets at the meeting this week!

A graphic for the 3rd of July Parade. It features a blue background with a white bicycle on the left and a red, white, and blue balloon. The text "3rd of July" is in a red, cursive font, and "PARADE" is in large, white, bold letters. Below that, it says "Sat., July 3 • 9 to 11 a.m." and "ROTARY SHELTER @ RIVERWALK PARK". At the bottom, it says "BIKES LINE UP BEGINNING AT 8:30 A.M.".

MARY BELL

LIVING ORGAN DONATIONS

Last week Mary Bell spoke to the club about her experience with Living Organ Donations. Mary was instrumental in saving the live of Dr Joe Bailey. Dr Bailey was in need of a kidney and Mary decided that she had one to spare, she reached out to the Center for Transplant Services and started the donation process to save a complete stranger.

MCDOWELL BACKPACKS

2 weeks ago we picked up the shelving units from McDowell. Last night several members of the club met up at the Memorial Building after hours to move the shelves upstairs and put them together. We have made a good start in the storage room but now there needs to be some organization to make everything more accessible.
