Weekly Update from the Rotary Club of Nashville

IMPORTANT UPDATE ON MEETINGS

Rotarians,

As Rotarians, we reflect each week upon the Four Way Test of the things we think, say or do to guide us in our decisions. The fourth part asks, "will it be beneficial to all concerned?"

We have been closely monitoring the status of key metrics around the spread of COVID-19 in our community. With 3 of the key metrics at a concerning level, we have made the difficult decision to not resume in-person meetings at this time. The best evidence available to us continues to indicate that large, indoor, in-person gatherings present significant risks to our members and subsequently, to our community. Meetings will continue to be held virtually via Zoom with a carefully curated program offered each week. It was our hope to not reverse course on our plan to resume in-person meetings in November, but we feel the best way to serve our community is to do everything we can to keep it safe.

We continue to serve our community and to offer socially distanced fellowship opportunities. We hope you will participate as you are able. We value your friendship, your membership in Rotary, and your health. As circumstances change, we will communicate with you and adjust our plans.

Take care,
